

# go.eIDAS Summit 2021 celebrates 5th eIDAS Anniversary and provides “eIDAS (P)Review”

[Lichtenfels, 2021/05/27] The eIDAS-Regulation has been fully in force for five years now and is facing a revision, which will pave the way for even more successful application of secure digital identities in the future. Against this background the non-profit go.eIDAS e.V. has assembled leading international experts and stakeholder in the sector of secure digital identities, trust services and mobile government to exchange latest experiences, knowledge and ideas. The go.eIDAS Summit 2021 will take place on 01 July 2021 as online event. You are cordially invited to virtually meet the experts in this area and register now for the free event at <https://go.eID.AS/summit>.

## go.eIDAS Summit 2021 celebrates the fifth eIDAS Anniversary on 01 July 2021

Building upon previously existing electronic signatures and qualified certificates, the Regulation ([EU No 910/2014](#)) on electronic identification (eID) and trust services for electronic transactions in the internal market, which is commonly known as “eIDAS-Regulation”, has fully entered into force on 01 July 2016 – five years ago. In order to enable an even more successful application of secure digital identities in the future, there is an ongoing revision process, which is expected to provide a draft for an updated regulation soon. Against this background, the non-profit go.eIDAS e.V. has assembled leading international experts and stakeholder in the sector of secure digital identities, trust services and mobile government to provide a review of the past and an outlook into the future. This “eIDAS (P)Review” will take place on 01 July 2021 within the go.eIDAS Summit 2021 (<https://go.eID.AS/summit>), which will be conducted as online event.

## Supported by leading experts from 10 EU Member states and various EU projects

The go.eIDAS Summit 2021 will be opened by Norbert Sagstetter from the European Commission and will assemble leading experts from Austria, Belgium, France, Estonia, Germany, Italy, Latvia Luxemburg, Spain and last but not least the Netherlands. Furthermore it is supported by the mGov4EU project (<https://mGov4.EU>) and further EU projects within the European Union’s Horizon 2020 research and innovation programme. *“We are pleased that so many leading experts have kindly accepted our invitation for the go.eIDAS Summit in order to explain and discuss the fast moving regulatory landscape within and around eIDAS”,* adds Tina Hühnlein, chair of go.eIDAS e.V. *“Now it is your turn to join us and register for the free event in order to participate in the enlightening discussions.”*

The covered topics include:

- **eIDAS – A (P)Review**
- **Mobile and cross-border eID – State of play and future directions**
- **Qualified trust services – an outlook into the future**
- **The future of eGovernment – Towards implementing the Single Digital Gateway**
